

## **Surfacing Technology- Manufacturer of Concrete Resurfacing and Restoration Products - Seeking Distributors**

Brighton, CO. – **Surfacing Technology** offers an exciting, lucrative and unique opportunity for anyone wishing to start a business or add profit margin to an already existing business.

A leading innovator and manufacturer of decorative flooring products - interior and exterior, residential, commercial, and industrial with a solution for almost any flooring or surfacing project, **Surfacing Technology** offers:

- Constant, cutting edge, and innovative improvement in the product line.
- Unsurpassed knowledge assistance, field based technical support and marketing tools both for you and your installers.
- Competitive pricing.
- National advertising and promotion.
- Training second to none of highly touted trade secrets.

According to representatives from **Surfacing Technology**, their material, support, and finished-looks absolutely sell themselves! **Surfacing Technology** distributors have the opportunity to acquire a vast array of knowledge that sets them apart from their competition. We provide you the knowledge base and ongoing support to be successful. The products in our line are formulated to work easily and uniquely with each other. This combined with our incredible training enables you to create a high end, popular, sought after product.

**Surfacing Technology** was created from years of hands on resurfacing. The ST team felt it was necessary to create products that were superior to what they had been using - - products that were easier to use and products that consistently created the looks they wanted. After years of technical research and extensive trial-and-error the company is proud to introduce the incredibly superior concrete resurfacing system called **Surfacing Technology!** And because this system was created by guys with years of concrete resurfacing experience, distributors and their subsequent installer base will have years of expertise and problem solving support at their fingertips!!! For questions or concerns about a product or project, help is just a phone call or email away. This is a knowledge base that most products just do not have. All trade secrets are provided to ST distributors, with confidence.

The **Surfacing Technology** team will instill the confidence needed to excel in this industry. The team knows how to approach the challenges in the field, they have been there and have built their product line around these experiences. Providing continued real life projects with real life answers, incredible value from the product and competitive pricing that will result in a large profit margin.
